

DIED,

At Liverpool, (England) on the 27th January, Mrs. MAURY, consort of James Maury, Esq. late Consul of the United States for that port.

On the morning of the 7th inst. at La Fourche Louisiana, the residence of the honorable Henry Johnson, late Governor of Louisiana, LOUISA, a twin daughter of the late Philip H. Key, Esq. of the District of Columbia, in the 18th year of her age. The disease, which in five days cut down in the midst of its bloom and beauty this lovely flower, was inflammatory fever. If any thing can impart consolation to survivors, under a bereavement so unlooked for and so afflicting, it is the assurance, that the society of Earth has been exchanged for the society of Heaven. This assurance we have. In full view of her departure, she expressed herself "perfectly satisfied;" adding, "I die happy, and with the most confident assurances of being received into Heaven."

Thus plays the light around the cloud,
When its dark body hides the sky,
And gives an earnest that beyond
The Heav'ns shine pure and brilliantly.
