Takes Extraordinary Precautions Against Assas-

Special policemen in plain clothes have been delegated, the chief said, to guard all American property and to protect prominent Americans in Cuba "including newspaper men." The explosion of a bomb on May 22 in the Havana Postoffice Building was referred to by Fraga as one evidence of "a plot against American property."

Mr. Caffery, it was indicated, was selected as an intended victim by the plotters because of his relations with the present government.

The ambassador, a Louisianlan with twenty years in the diplomatic service, came to Havana in December, 1933, as the personal representative of President Roosevelt and later, after the recognition of the Mendieta government, was made ambassador. bassador.

Target of Speeches.

Communists and other radicals who oppose the government have made him a target of unfriendly alogans and speeches in their demonstrations during recent weeks.

While attributing some recent terroristic activities to anti-American plotters. Fraga said that other hombs were not placed by radicals but by "an organized band of racketeers which is preying on small merchants."

"This will not last long," he said. "as the government is ready to take

"This will not last long," he said.
"as the government is ready to take
the sternest measures to protect the
rights of citizens and their property."
Expressing his determination to
break up anti-American plots before
any serious outbreak is possible, the
police chief declared that the "very
existence of the Cuban republic depends upon its friendship for the
United States" and that no effort
will be spared to protect the interests of Americans.

Catholic Press to Fight Impure Films

The Catholic Press Association of the United States yesterday scored the production of motion pictures the production of motion pictures that offend Christian morality and "have made the American motion picture industry a byword among nations for immorality and antisocial activities" at the organization's final session of its convention at Hotel Cleveland.

In a series of resolutions the organization pledged its support to a campaign for the burification of the movies and expressed its accord with a movement to afford greater cultural, educational and religious opportunities by means of the radio.
